Karen -

Excellent letter -- I fully support. While reviewing, I found and corrected a few typos; see attached mark-up. I also have a suggestion (and it is merely a suggestion) regarding how the message is emphasized on the last page (see comment in track changes). Enrique has back-to-back meetings all afternoon; however, one of those meetings is the CED Managers' meeting at 2:30, so I will raise this to his attention then. If you can have the letter ready by then, I'd be happy to hand it to him at that time. Otherwise, I will just let him know that it's coming.

This has all of Alexis' changes (with maybe two purposeful omissions) and my few corrections. It will need to be reformatted some when you stick a letterhead on it. But as a WORD wimp, I can't do that.
